# A GOAL: TO DEVELOP THE 3X3

After the cancellation of the FIBA 3x3 Europe Cup 2020 in Antwerp, Belgium, the FFBB has been selected for the organization of the 7th edition of this European competition that will take place in Paris, from September 10 to 12, 2021.

This is the first time that France hosts this young competition since its creation in 2014. Nevertheless, France is used to organize major 3x3 competitions as the FIBA 3x3 World Cup in Nantes in 2017 and the FFBB 3x3 Superleague every year since 2012.

Ranked third in the combined 3x3 ranking (men's and women's) of the International Federation (FIBA), France, through the FFBB, intends to develop the 3x3 activity, 1st urban team sport in the world (IOC study). This 3x3 discipline has been highlighted during the Olympic Games in Tokyo this summer and will be a preview of the Paris Games in 2024.

In order to promote this sport, which is still unknown to the general public, the FFBB has identified 4 major objectives for the organization of the next FIBA 3x3 Europe Cup presented by Caisse d'Epargne in Paris in 2021:

- To take advantage of the media and popular interest generated by the Olympic Games in Japan.
- To underline the development of the 3x3 activity on the national territory through the Superleague, the Juniorleague and the Championships.
- To highlight the social, environmental and societal interest of the organization of this event in France in order to create a platform of integration in Ile-de-France through sport and urban sport in particular.
- To highlight the good results of the French teams.

# PARIS, HOST CITY BY EXCELLENCE

Administrative, economic and cultural capital of France, the City of Light is one of the most beautiful cities in the world with an exceptional architectural and cultural heritage classified by UNESCO. Among the most visited cities in the world, the city of Paris fascinates millions of visitors every year.

## **The Trocadero, a place not to be missed**

The Trocadero remains an iconic and emblematic place in Paris. It is a symbol of great, popular, festive, sporting and cultural events in the heart of the capital. Located in the center of the Trocadero gardens below the Palais de Chaillot, the Trocadero Fountain (or Warsaw Fountain) offers a privileged view of the “Iron Lady”. Attended by millions of visitors each year, this open stage provides a unique showcase for the promotion of 3x3 basketball.

## **A city for urban sports**

Paris is definitely a land of urban basketball, and urban sports in general. Street basketball is in vogue in Paris, whether you go ‘crosser’ like Allen Iverson at the Duperré street art court near Pigalle, ‘dunk’ like Vince Carter on the banks of the Canal Saint-Martin or ‘shoot’ like Stephen Curry at the Stalingrad playground which is a New York style playground liNLD with fences under the metro line 2. In the same way as the 3x3, the city of Paris will host, for the first time during the 2024 Olympic Games, Breakdance and Skateboard events, both emblems of urban sports.

# CAISSE D'EPARGNE PRESENTING PARTNER

As a partner of the French Basketball Federation and the French 5x5 teams since 2014, Caisse d'Epargne wished to pursue its commitment to the development of basketball by becoming the "Presenting Partner" of the future European 3x3 championship to be held in Paris: the FIBA 3x3 Europe Cup presented by Caisse d'Epargne.

After becoming Official Partner of the French 3x3 Teams and Partner of the 3x3 Superleague in 2019 as well, Caisse d'Epargne continues to support the development of 3x3 basketball in France by becoming the presenting partner of the 2021 Europe Cup. The FIBA 3x3 Europe Cup presented by the Caisse d'Epargne will take place from September 10 to 12, 2021 at the iconic Trocadero venue in Paris.

# COMPETITION FORMAT

The FIBA 3x3 Europe Cup 2021 features 12 men's and 12 women's teams.

They are divided into 4 pools of 3 and seeded automatically based on the 3x3 Federation Ranking.

Each team plays the other 2 in their respective pools. The top two teams from each pool qualify for the quarter finals and then play knock-out games all the way to the final.

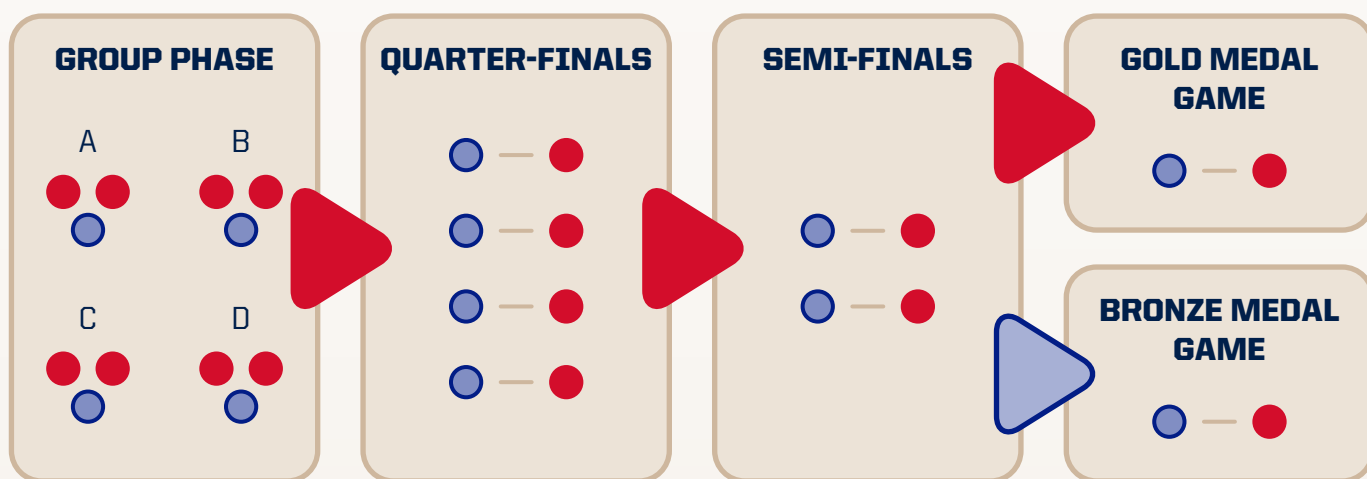

With the exception of the bronze-medal game, there will be no classification games. Overall standings (places 5 to 12) and pools standings are determined by the following 3x3 standing rules:

- 1 Most wins (or win ratio in case of unequal number of games in inter-pool comparison);
- 2 Head-to-head confrontation (only taking win/loss into account and applies within a pool only);
- 3 Most points scored in average (without considering winning scores of forfeits).

If teams are still tied after those steps, the one(s) with the highest seeding win(s) the tie-breaker.

On top of the men's and women's competition, there is a [Shoot-Out Contest](#) (men & women combined).

All competitions will be played with the [official 3x3 ball](#).

# RULES

Starting from 2010, FIBA came up with a unified set of rules for 3x3, that had several ambitions:

- Make it simple and accessible so that 3x3 could be understood and played anywhere.
- Create the fastest team sport or discipline on Earth (we call it “the 10-minute sprint”) to catch the attention and be “snackable”, tailor-made for social media and the way sports fans consume sports in 2021.
- Maximize the drama and the cultural side of basketball to break the barrier between entertainment and sport.

## SIMPLE

1 hoop,  
1 half court  
2 teams of 3 + 1 sub

## FAST

10-minute game  
12-second shot-clock  
No break after scoring  
No half-time  
No quarters

## ENTERTAINING

Game over at 21 pts  
First to 2 pts wins OT
